Providing goods, services or facilities to people with disabilities

Seguin Valley Golf Club is committed to meeting its current and ongoing obligations under the Ontario Human Rights Code respecting non-discrimination.

Seguin Valley Golf Club understands that obligations under the *Accessibility for Ontarians with Disabilities Act, 2005 (AODA)* and its accessibility standards do not substitute or limit its obligations under the Ontario Human Rights Code or obligations to people with disabilities under any other law.

Seguin Valley Golf Club is committed to excellence in serving all customers including people with disabilities.

Our accessible customer service policies are consistent with the principles of independence, dignity, integration and equality of opportunity for people with disabilities.

Assistive devices

People with disabilities may use their personal assistive devices when accessing our goods, services or facilities.

In cases where the assistive device presents a significant and unavoidable health or safety concern or may not be permitted for other reasons, other measures will be used to ensure the person with a disability can access our goods, services or facilities.

We will ensure that our staff are trained and familiar with various assistive devices we have on site or that we provide that may be used by customers with disabilities while accessing our goods, services or facilities.

Communication

We will communicate with people with disabilities in ways that take into account their disability. This may include the following:

Reading menu's or instructions to diners. Review verbally where hazards may be present, guide patrons to accessible areas and verbalize the assistive items such as automatic door openers and washroom railings.

We will work with the person with a disability to determine what method of communication works for them.

Service animals

We welcome people with disabilities and their service animals. Service animals are allowed on the parts of our premises that are open to the public.

When we cannot easily identify that an animal is a service animal, our staff may ask a person to provide documentation (template, letter or form) from a regulated health professional that confirms the person needs the service animal for reasons relating to their disability.
